

Wilbinga

Popular with locals, this track is one of the rare locations near metro Perth where you can legally drive amongst the sand dunes and get onto the beach line. Suitable for all levels of experience.

Wilbinga is located on the northern outskirts of metropolitan Perth just past Yanchep and Two Rocks. Being so accessible, this track is popular with local 4WD trainers and with local clubs. There are opportunities for every kind of sand driving experience from sandy tracks, soft ruts, uneven sand hills, sand dunes, seasonal beach driving, steep ascents and descents. For experienced drivers, its just a place to go and have a bit of fun.

The sand bowls near the beach tend to be the ideal snack or lunch stop and from here it is only a short walk to the beach. Shells are often visible along the tide line and can be collected.
